Bio

Highly motivated, I'm a self-starting developer seeking to launch my career building web apps, websites and software. I'm familiar with development and deployment processes for several web-based technologies. Enthusiasm and proactivity, determination and will, solid work ethic, good time management. High levels of accountability, honesty and integrity. Creative thinker, passionate problem solver. Natural predisposition for empathy, ability to handle stress and work under pressure.

Skills

HTML5	CSS3 (bootstrap/flexbox/grid)
Javascript	Responsive design
Document Object Model	Git-Github
Linux basics	PLC Programming (ST, FDB)
Networking fundamentals	SQL
